Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected implications for time to completion. Please indicate NA if not applicable:

Students petitioning to waive any of the departmental (including the master's thesis) or program requirements should submit their petitions in writing to the Director of Graduate Studies or Program Chair, respectively. Requests should be submitted before the end of their first semester of graduate study. Approved petitions will result in students' fulfillment of that requirement but will not result in the awarding of credit hours toward graduation. Thus, waiving requirements likely will not significantly accelerate the expected time to completion of the Ph.D.
